# John F. Long Journal

## A Note from the Principal

Parents,

Here we are at the end of the first half of the year. Students and staff have been working extremely hard. Thanks to all of you for supporting student learning at home.

A couple things...

- **Pick Up Cards After School (K-2) & Campus Security**
  - Please contact your child's teacher if you need a new pick up card. The teacher will make a new one and send home. After the break, these will continue to be expected and mandatory for after school pick up.
- **Birthday Treats (K-5)**
  - If you bring a treat for your child's classroom, please bring them between 2:10-2:25pm as we are trying to maximize instructional time.
  - Make sure to get permission from the classroom **teacher** beforehand.

Enjoy Winter Break!

*Mr. Johnson*

## News from the School Nurse

- Cold and Flu season is here! Please help me ensure the health and safety of all students by not sending in medication with your children to school. ALL medication must be transported both to and from school **by parents/guardians**. Medication must be in original containers and all prescriptions must be in the container with the Doctor's orders. While attendance is a priority there are times when it is necessary for students to remain at home such as:
  - Having a fever--Students need to be 24hours without a fever before returning to class
  - Starting antibiotics--Students need to complete a full 24 hours of antibiotics before returning to class.
