

CSD Academic Exploration Trips

Grade Level	Focus	Venue Selections for the 22-23 School Year	Description of Experience
Kindergarten Tolmachoff Farms	A Farm - the role of agriculture & livestock in our daily lives	  	The guided tour offers students a hands-on opportunity to become acquainted with an agriculture environment.
1st Grade Children's Museum of Phoenix	A museum incorporating life skills while being filled with imagination, inspiration and creativity	  	The museum focuses on learning through play. The museum offers three floors of fun, educational multi-sensory experiences.
2nd Grade Hall of Flames Museum: Fire Safety & Fire Science Careers	A fire safety experience incorporating the history and current practices of firefighting and relevant careers	  	The students learn about the basics of firefighting from a historical perspective. The students also learn the basics of fire safety, as well as careers in fire and safety.
3rd Grade Wildlife World Zoo The Phoenix Zoo	A Zoological Experience discovering the significance of threatened and endangered species as well as an introduction to a variety of wildlife habitats	  	The students will be introduced to over 600 exotic and endangered animals. The students can view animals from all over the world and learn about their habits and place in the world.
4th Grade Arizona Science Center	A Science Museum where technology, innovation and fun come alive	  	The Science Center offers hands-on exhibits, live demonstrations, and a state-of-the-art planetarium that allows students to explore beyond our planet.

5th Grade Childsplay Theater	Performing Arts Experience - a professional theater company bringing adolescent experiences to life on a stage	  	Childsplay takes curriculum off the printed page and offers drama activities that develop critical and creative thinking skills.
5th Grade Sky Harbor Airport & WestMec	CCR/STEM - Careers in aviation, engineering, welding or HVAC, and so much more!	  	At Sky Harbor our scholars learn about all aspects of aviation and STEM related professions. At WestMec scholars can experience professions that they can experience at the high school level.
6th Grade Lake Pleasant Outdoor Experience	An Outdoor Education Experience where the desert environment is explored from the shores to the deep waters	  	Lake Pleasant Outdoor experience offers team building activities, and nature experiences along with an introduction to survival and desert environments.
6th Grade Companies in Arizona	CCR/STEM - Top Arizona companies impacting the country	     	Large corporations provide an insight to national operations marketing, and STEM activities.
7th Grade BioSphere 2	Science Related Experience - Understanding the challenges to sustaining Earth systems and quality of life	  	ASU Biosphere 2 is the world's largest controlled environment dedicated to understanding the resilience of our planet.
7th Grade PXU Small Speciality Schools	CCR.STEM - Specialty schools that provide immediate access to high profile professions	 	PXU Coding academy engages students in computer science & innovation experiences. Franklin Police & Fire offers career preparation in saving lives and protecting citizens.

<p>8th Grade</p> <p>Arizona local Universities</p>	<p>College Focused Trip - Discovering local universities and the programs offered</p>		<p>Arizona Universities offer tours to introduce our scholars to programs that are highlighted at each school.</p>
<p>8th Grade</p> <p>PXU High Schools</p>	<p>CCR/STEM - using school choice to create educational and career pathways</p>		<p>PXU has 23 unique schools which allows our scholars to choose an emphasis of study.</p>
<p>8th Grade</p> <p>8th Grade Kick-off</p>	<p>CCR/STEM Motivational speaker & High School Mariachi present to all 8th grade students to inspire scholars</p>		<p>All CSD 8th grade students gather to be motivated to succeed and never give up by ASU wrestling star and author Anthony Robles.</p>
